“When people think of me..., they usually think of cheering fans and impressive football runs. What they usually don’t think of is a stutter. The truth is that I am both an award-winning NFL player and a disabled person, and getting to the NFL was part of a long, hard journey against my own self-doubt. My frustration at not being able to turn my thoughts into words and my desperate attempts to be normal stifled my talents until, finally, I was able to charge through my disability and into success.”

Come and hear about how Mr. Peterson found his voice, confidence, and the role that writing played in his journey.
